I don't think it is too difficult to check. It would be difficult to move if we already set a date, but I think we are OK now. I will let you know.

If it is too difficult, just go with what you have.

Friday the 3rd or the 10th? Chris is going to be compressed on one of those days, but maybe he can switch his compressed day to Monday... and I will need to check with [REDACTED] whether the one or two work for him. Let me know, if it needs to be one of the two, or if it doesn't matter which.

Subject: question

I can ask and you can say no, but would it be possible to do the [REDACTED] tour on a Friday? CDC would prefer it, and I might be able to go if it is on a Friday. I don't want to rock the boat, so feel free to say no, but Friday would be best for me and CDC.

Thanks for considering.
